

EMPLOYER NEWS

A MESSAGE FROM JOANNE TIMMS

Welcome to the Spring edition of the South Staffordshire College Employer Newsletter. May I take this opportunity to introduce myself as the new Head of Apprenticeships, I have recently joined the college with over 20 years of experience both nationally and internationally.

I am looking forward to forging strong relationships with local industry stakeholders and employers strengthening the development of the apprenticeship programmes and ultimately the prosperity of the communities and workforce we serve.

I would be delighted to hear from you and hopefully see many of you on our Skills Advisory Panels where we have the opportunity to shape education that fits with your business.

GET INVOLVED IN OUR SKILLS ADVISORY PANEL

Now is a very exciting time in the skills training of young people. With an increased focus on meeting industry needs, feedback from a range of Government and national bodies, industries needing a skilled workforce, many vacancies going unfilled as well as big changes to qualifications and funding.

This is now the perfect time for industry and education to work even closer together. Due to this South Staffordshire College (SSC) has launched our skills advisory panels and the skills advisor role so that you can have a real say on shaping the skills being delivered now and in the future at your local college. If you'd like to find out more visit: southstaffs.ac.uk/employers

If you are interested in being part of shaping future skills delivery, please contact employers@southstaffs.ac.uk

APPRENTICESHIPS STARTING SOON

ALL EMPLOYERS

We offer a wealth of different courses and apprenticeships to help you develop your workforce. For those who are looking to develop staff into managerial posts we offer a Level 5 management programme, and for your operations employees we offer a Level 3 business administration apprenticeship. Both of these programmes are delivered 100% in the workplace.

CARE EMPLOYERS

We are currently open for Level 2 Adult Care Worker and Level 3 Lead Adult Care Worker, the Level 2 will require 3 hours per week attendance at Cannock College and the Level 3 will require 3 hours per week attendance at Tamworth College.

BESPOKE POWER PEDESTRIAN DOOR APPRENTICESHIP

We are proud to work in partnership with the Automatic Door Suppliers Association (ADSA) to deliver a bespoke level 2 apprenticeship to provide the relevant health and safety, electrical and mechanical training the Powered pedestrian (automatic) door industry apprentices need. We will soon be on our 5th group!

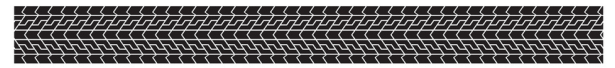

The Automotive Training Centre opened in February to deliver electric and hybrid vehicle training courses from level 1 to level 4 (1 to 4 days) accredited by the Institute of the Motor Industry. Learning takes place in our brand-new facilities using our training vehicles and groundbreaking VR technology. We're pleased to share we had a 100% pass rate in our first cohort.

Please visit: southstaffs.ac.uk/automotive-training-centre for more information.

Alan Handy, Curriculum Manager for Motor Vehicle said "We are excited to bring Electric/Hybrid vehicle training to South Staffordshire College, this will enhance our offer of automotive training. We have some of the very best training equipment and ground breaking teaching technology to give our learners real hands on experience whilst working in a safe environment. With an increased number of electric/hybrid vehicles now being seen in vehicle workshops it is essential to train current and future technicians to meet the skills gap".

AUTOMOTIVE TRAINING CENTRE

NOW OPEN
