Why do we stand out?

SKILL UP & STAND OUT

We are all about getting you started on your dream career path. Our expert staff will make sure you have the skills and knowledge needed to give you that competitive edge, whatever your career goals.

EXPERT STAFF & EXCELLENT FACILITIES

Our staff have extensive industry experience and our 5 college locations are packed with state-of-the-art, industry standard facilities to support you with your studies. We have construction workshops, automotive training centres, engineering hubs, a digital skills centre, a hair & beauty salon, commercial kitchen and restaurant, art, music and dance studios, a games hub, acres of countryside, an equestrian centre, an onsite zoo, learning support zones and much more...

TRANSPORT

We are committed to promoting environmental sustainability so we encourage you to walk or cycle to college if you can, or travel by public or college transport services. If you intend to travel to college by car, please note that our student car parking spaces are limited at all sites and "Pay & Display" car parks operate locally at Cannock, Tamworth and Lichfield College.

LEARNING SUPPORT

We recognise that you may require some help and support to enable you to succeed. That's why we have a Learning Support Zone on every college site. Staff here offer tailored support based on your individual needs. It's important that you let us know before you enrol if you have a specific learning need so that we can put support in place.

YOUR FINANCES

As an adult (19+), you may be eligible for financial support or your course could be free. Further funding is available for adults through the Government's Free Courses scheme.

Additional funding support may be available to help cover the cost of things like travel to college, college materials, uniforms and childcare.

CAREERS GUIDANCE

At South Staffordshire College we have a dedicated team of career advisors who can provide in-depth careers information, advice and guidance to assist you with your future career aspirations. They can support you before, during and when you have completed your course.

To book an appointment visit **southstaffs.ac.uk/careers**

or email

careerguidance@southstaffs.ac.uk

INCLUDED AT SSC

At SSC we're committed to ensuring that every learner is included, supported, and able to achieve their full potential, regardless of background, disability, need, or circumstance.

INCLUDED at SSC

Ways to pay

Advanced learner loan

As an adult aged 19+, you could take advantage of an advanced learner loan to cover the cost of your course. You will start repaying only once you start earning over £25,000 per year.

Your course may be FREE if you are:

Unemployed/claiming benefits

If you apply for a Level 2 course or below and receive eligible benefits, you may qualify for a FREE course.

Claiming Jobseeker's allowance

People receiving JSA, ESA or UC (including housing benefit, income support and working tax credits) may be eligible for a FREE course.

Aged 19 – 23

Your course may be FREE if you are enrolling for your first Level 1 or 2 qualification.

Your course may be FREE

If you are employed and earning less than £26,800 or £36,126 p/a for WMCA residents.

Bursary support

If your income is less than £35,000 p/a you may be eligible for support.

Free courses

If you are aged 19+ you could access a course for free, as part of the support available from the government to help you gain the skills you need to get the job you want, whatever your stage of life.

The free courses include Level 3 qualifications, and the government pays the course fees. For more information please get in touch.

Skill Up & Stand Out

SKILL UP AND GET **WORK READY**

- Gold-standard CV and cover letter
- Job search and applications
- Transferable skills

SKILL UP AND GET **WORK READY**

Skill up to be work ready

Back to work courses

Ready to re-enter the workforce and advance your career? Get the skills for success!

Our back to work courses offer the perfect opportunity to Skill Up and Stand Out to help you be work ready. We'll help you to enhance your CV, gain sector-specific qualifications and be prepared for employment.

If you've been unemployed for a while and are looking to upskill, our employability team is here to assist you to skill up to succeed. Alongside a variety of qualifications, you'll have the chance to connect with employers and, in some cases, secure guaranteed interviews to help you achieve your career goals.

A sector-based work academy offers a guaranteed job interview designed to help you return to work. These programs, delivered in partnership with recruiting employers, prepare those receiving unemployment benefits to apply for jobs in various sectors.

Through placements and employer-led activities, you'll address immediate and future skill gaps, making employment more attainable. Plus, you can retrain without losing your benefits!

For full information or to apply, visit: **southstaffs.ac.uk/back-to-work**

SKILL UP AND GET **FUNDAMENTAL** SKILLS

Skill up with what you need to succeed

Fundamental skills

We offer a selection of courses to help you get those all important fundamental skills.

Countless studies have shown GCSE results in maths and English have a big impact on future earnings. Individuals who achieve GCSEs, including maths and English, earn on average, up to £100,000 more over a lifetime (or £2500 a year), compared to those who don't. Putting this into perspective, your yearly family holidays, car payments or bills are covered, just for having passed maths and English.

What we offer

Bootcamps

Skills Bootcamps are flexible, industry-focused courses that help adults gain the skills, knowledge and confidence needed to start a new career, progress in their current role or adapt to changing sector demands.

Health and Social Care Aimed at people aged 19+ who live within a Staffordshire postcode and are currently seeking employment. Skills Bootcamps equip learners with essential foundations, allowing you to upskill while minimising the impact on work commitments. This course prepares you to work in adult care, food safety, health and safety, infection control, safeguarding, equality and diversity, dementia awareness, and core employability skills to support progression into work or further training.

Air Source Heat Pump and Solar Designed for experienced plumbing, heating and electrical professionals, these Skills Bootcamps provide practical training in air source heat pumps, solar PV and EV charging, helping learners gain recognised qualifications, update skills and meet growing demand for low-carbon technologies.

Net Zero Energy Training Centre

Power up your energy skills in our Net Zero Energy Training Centre at Rodbaston College based in Penkridge. You could be the electricians, vehicle technicians and construction workers of the future.

The Net Zero Energy Training Centre is equipped with the latest advancements in energy efficiency such as photovoltaic panels, electric vehicle charging, air and ground source heat pump installations and hydrogen boilers as well as energy distribution and management systems.

Alongside this core training for electricians, vehicle technicians, and construction workers, we're also offering supplementary courses tailored to meet the evolving demands of sustainable technologies. These additional training opportunities encompass specialised modules in renewable energy systems, energy-efficient building practices, advanced HVAC (heating, ventilation, and air conditioning) technologies, and sustainable infrastructure development for homes of the future.

Tradespeople will be able to choose courses in renewal heating, electric vehicle charging, heating and water systems, installation and maintenance of air source heat pumps, retrofit, solar PV and solar hot water systems.

For full information or to apply, visit: **southstaffs.ac.uk/net-zero**

Innovation & Skills Hub

The Innovation & Skills Hub at Cannock College is a cutting-edge space equipped with the latest technology to facilitate interactive and collaborate learning experiences to support you to gain the skills you need to secure employment.

Within the Hub, you can join a Sector-based Work Academy Programme (SWAP). The Government initiative will support you to gain sector specific skills with the support of the college and local employers. As part of the programme, you will be able to gain relevant work experience in the sector you wish to work in. You will also benefit from a guaranteed job interview with an employer and assistance with the application process from our friendly and supportive team. Job seekers will also be able to access support to prepare for interviews and improve their employability skills within the dedicated interview preparation room.

For more information visit: southstaffs.ac.uk/back-to-work

Are you a local business?
If you're a local business, we can support you. You can utilise the digital training collaboration suites to support your training, development or meeting needs. Affordable rental charges will apply, making the facility accessible to businesses of all sizes within the region. In addition to this, the we will be able to provide bespoke training to match your business needs.
For more information, please email: **businessdevelopment@southstaffs.ac.uk**

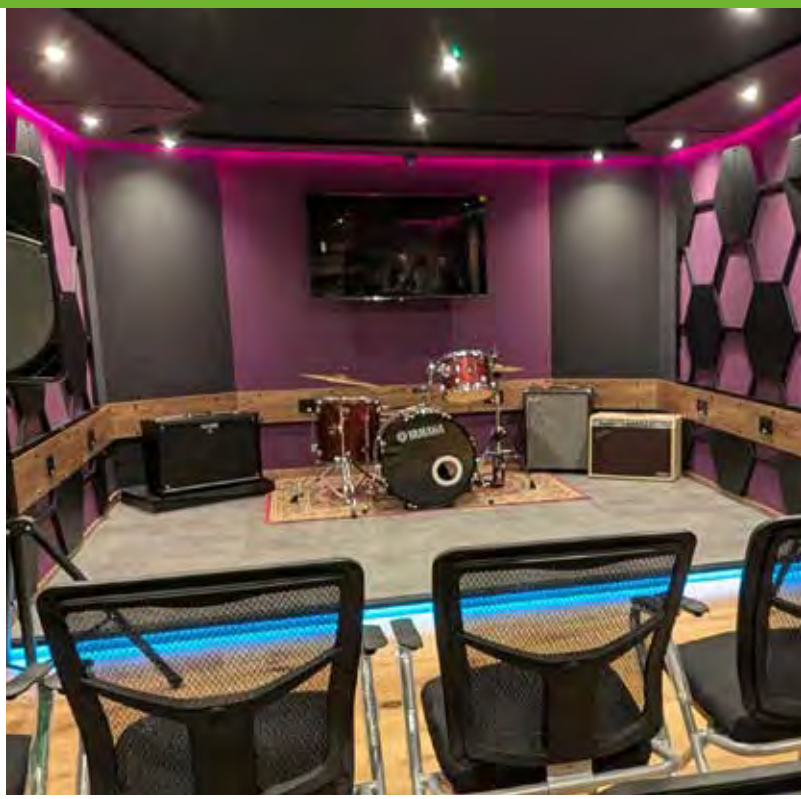

Music Studio

Study part-time in our cutting-edge music studio at Lichfield College and get the skills and knowledge you need to bring your musical vision to life.

If you are passionate about music, eager to enhance your creative skills and create professional-quality productions, Lichfield College is the place for you!

Within the music studio, our control room features an Audient ASP4816 mixing desk, selected for the exceptional audio quality and flexibility which allows for both recording and mixing. You will also be able to utilise industry standard software such as Pro Tool Ultimate, Avid Dock and S1, Ableton and Logic within the control room to produce music with the best possible sound quality.

Whether you're a budding songwriter or an experienced musician looking to refine your craft, our programmes will provide you with the tools and techniques to elevate your creative music skills.

Why study HE at SSC?

Smaller class sizes
There are fewer students in your class compared to university.

£3000 less!
Our degree course fees are often £3000 less than universities.

Stay close to home
Save money on accommodation and travel by studying locally.

Adult Apprenticeships

With an apprenticeship you're employed to do a real job, earning a wage, whilst studying for a formal qualification.

As an apprentice you'll spend your time divided between working at your employer and doing training at college. You'll be supported by both the employer and the college to develop the knowledge, skills and professional behaviours required for the job role. An impartial assessment, called an end-point assessment, will check that you have gained the knowledge, skills and behaviours needed for the workplace.

Apprenticeships aren't just for school leavers! If you are already working in a career area you love, you could become an apprentice with the support of your employer to help you upskill and secure qualifications needed to help take your career to the next level.

Please get in touch about any bespoke requirements for your business by emailing **apprenticeships@southstaffs.ac.uk**

All ages!

Apprenticeships are not just for school leavers. Anyone aged 16+ can train as an apprentice in their chosen field!

Apprenticeships are at least 12 months, and some can be up to 4 years.

Apprenticeship Workplace Learning

You will be assessed on the job at work. The majority of your learning will be delivered in the workplace and is designed to be flexible.

You can complete your English and maths functional skills at college or online.

Apprenticeships are available at various levels, so regardless of existing qualifications or experience, there will be an opportunity here for you.

FREE

Your training is paid for by the Government or your employer meaning zero cost to you!

As an apprentice you'll work within a business alongside professionals to gain on-the-job practical training for at least 30 hours per week.

To sign up now visit southstaffs.ac.uk/apprenticeships
